Callan Quits Board

THE TOWN RECORD

By MONTE DAYTON

Politicking: TOM CALLAN, supervisor from this district, couldn't make it to the ARTHUR BODIEN testimonial Tuesday as he was busy meeting with the Harbor board making plans for purchase of land in a big deal for the county which will be announced soon.

Now, in politics, it's nice to be places where you're seen and heard so Tom asked fellow Sup ALVIN HATCH if he'd explain to the guests why he couldn't attend.

Hatch got up and made himself noticed at the feed, but nary a mention of brethren official Callan's absence.

Which just goes to prove all's fair in love and war. Next time, Tom says, he'll send a telegram.

JAMES McKAY acquired an heir Tuesday in the person of JAMES BRUCE DOUGLAS McKAY IV (whew, what a prodiguous handle) making his presence on the good earth at 6:49 a.m., marking the first such domestic occasion for Jim Sr. and wife, MARGARET.

Also in the diaper division about three hours later, same day, was an event for MR. and MRS. LARRY GARDNER. Mrs. G., BARBARA, is a former Jeff student.

The tyke weighed in at 8 lbs., 1 oz., and was named LESLIE JEAN, also a first.

Thus becoming grandparents for the first time were MR. and MRS. GEORGE YATES of this city.

Engagements are getting infectious at the Colma branch of the Bank of America.

For the second time in two weeks, co-workers learned of the impending marriage of one among their ranks.

This time it's BEVERLY A. HEAGNEY, 117 Miriam street, who will become a bride November 14 in Bethel Lutheran church.

Oh, forgot to mention, there'll be a groom. He's HOWARD HEFFRON of this city.

MR. and MRS. LOUIE VERVILLE of the Sylvia Cleaners establishment returned this week after a month's vacation visiting relatives (visiting relatives is a vacation?) in Chicago, Milwaukee and Duluth.

Hot tip: Heavy bettors will do well to make haste to the windows and lay down a chunk on FRANK BLUM and KEITH SORENSEN in the coming two-ball invitational tourney at Lake Merced G&CC.

Blum says "we're a cinch to win."

Rumor has it they'll serve their opponents with a subpoena about playing time.

Man about town JOE BELLI leaves town today for a late vacation, which he will divide up at Carmel Valley and Apple Valley, spending his time in one of the most enjoyable of all pastimes—doing nothing.

Press Of Business As Supervisor Prompts Resigning

Thomas J. Callan Sr., supervisor from Colma, announced his resignation yesterday from the Jefferson high school district board of trustees.

Official notification of Callan's withdrawal from the post was given to Stanford Hannah, district superintendent.

Callan's dual role of supervisor-trustee created a legal hassel last

spring when Attorney General Edmund Brown ruled the two jobs were "incompatible" and ordered Callan to resign one job.

The controversial north county figure refused, however, claiming he would remain on the job until notified by county superintendent of schools James R. Tormey of his dismissal.

Tormey's office disclosed yesterday that they had not yet received Callan's resignation, but had been informed of his action by Hannah.

Tormey will appoint a citizens committee to select a replacement for Callan, who will serve out the remainder of the term.

Callan said his resignation was "due in large measure to an increased demand upon my time occassioned by my recently assumed supervisorial duties.

"During my years on the board I have found pleasure in working with its other members, a wonderfully cooperative and hardworking group of trustees, with an extremely capable and diligent faculty and superintendent, and with as fine a group of students with which one could hope to associate."

CHAMBER MAPS PLANS FOR INDUSTRY SURVEY

A survey of Daly City's industry potential will get underway soon under the auspices of the Chamber of Commerce.

The survey will also include possibilities within the Jefferson elementary and high school districts, with an eye toward attracting light industry to broaden the tax base.

Chamber President Bill Kennedy has appointed the following committee to carry out the survey: Ray Charette, Walt Rector, Joe Rohl, chairman, Robert Hunter.

MAY RUN LOCAL JITNEY SERVICE

Tentative plans for jitney service to be operated within the Daly City limits were drawn up Monday night at a meeting of jitney owners, municipal railway officials and Daly City officials.

Jitney owners, represented by President Paul O'Leary, J. A. Walsh and Steve Lucas, said that service might be offered from Templeton avenue, down Knowles avenue and into the Junipero Serra area.

Riders coming from San Francisco would debark at the present Sickles terminal and walk to the Templeton area, with an opposite arrangement for those travelling from Daly City.

The council pointed out that expanded service was the city's goal, but it would be necessary to avoid any confliction with operation of the municipal bus No. 76, which serves this area.

Vern Anderson, who represented the muni company, said he would take the matter up with the San Francisco public utilities commission.

Colma Residents Give Blood At County Bank

Three Colma residents donated blood recently at the San Mateo County blood bank.

Giving for the second time were Mrs. Odell H. Howell and Robert Greathouse. Mrs. Emile Fanfelle made her third donation.

Monkey Gets Stretch At County Pound For Evening Escapade

Jocko, a 35-pound monkey, went on the rampage in Broadmoor and bit two children before he was captured by Officer Gale Galusha, who had to do a modified strip-tease to accomplish his purpose.

Escaping from his cage in the back yard of the Stewart Steele residence, 540 MacArthur drive, the super-charged simean took chunks out of two young girls in his 45-minutes of freedom.

Four-year-old Joanne Sanfelle required four stitches in her leg, while her sister, Joanne, 7, suffered numerous bruises.

The monkey escaped from his cage in the evening by upsetting it, causing the sliding door to open.

Galusha arrived on the scene shortly thereafter, but was unable to get near the monkey with his uniform on.

Shedding his star, gun belt and other constabulary accessories, he went at the job again.

This time Jocko was more friendly, seeing that Galush was just another regular fellow, and let the officer get close enough to make the pinch.

Authorities at the SPCA office at Coyote point, having had more experience with this species of anthropoid, took over where Galusha left off.

Jocko will be detained for an indeterminate length at the county pound for his indiscretions.

Headquarters Here For Girl Scout Leader Training

Session of the training committee of the North San Mateo County Girl Scout Council are now being held in the local community center, with girl scout volunteers from the Daly City-Colma, coastal and bayshore areas taking part in the training.

The Brownie leadership course is being held on Tuesdays, from 10 a.m. until 2 p.m., with the final gathering slated for November 3.

Intermediate leadership course classes are being held Thursdays at the same hours, closing on November 5.

Approximately 35 potential Girl Scout leaders will attend each of the classes.

After completion of the classes, many of the volunteers will enter actively into scout work in this area.

Report Is Issued On School Building For Jeff Elementary

Progress report for schools still under construction in the Jefferson Elementary School district was issued this week by Mario J. Ciampi, architect.

His report, made to the board of trustees, showed the following stages of completion for each of the school building projects:

Colma school, Hillside and Market streets—60 per cent complete, with tentative date for completion set at November 15.

Garden Village school, Village Lane, site work—75 per cent complete.

Benjamin Franklin school, Stewart avenue—80 per cent.

Olympia school, Northgate avenue—40 per cent.

Crocker school, multi-use room and kindergarten—85 per cent.

Jefferson school, multi-use room and yard work—30 per cent.

At present the school district is acquiring parcels of property needed for the proposed Vista Grande school on Wyandotte and Thiers street. Acquisition of property is 50 per cent complete.

MISBE-HAVEN CLUB NAMES NEW OFFICERS

Members of Daly City's teenage Misbe-Haven club Wednesday named Omar Grimes as president for the next six months.

Elected along with Grimes were Fred Bertetta, vice president; Carolyn Saumers, secretary; and Rich Watso, treasurer.

Named as nominating electors were Pat Lynch, Lorrie Johnson, Bob Bridges and Jim Rector. This group will nominate officers for the next term.

New officers will preside at their first meeting Monday night at the community center.

TRAFFIC SIGNALS ARE A WAIT-WALK-LEAP MESS FOR ALL!!!

Amid verbal clamor about off-street parking, meters, surveys, ad infinitum, little has been said about one of the more salient problems facing the Daly City area known as the "top of the hill."

One of the main factors in snarling traffic, intimidating pedestrians and creating a general snafu is the signal situation, which has the added onus of being something for which the citizens paid good money

In the first place, these mechanized blinkers hinder, rather than aid, the average pedestrian by their needless complication.

As one reader put it: "Getting across Mission street in the few seconds the green light flashes is as easy as running an obstacle race. I find it easier to get on the bus and do my shopping on Market street, San Francisco."

Lack of proper synchronization, coupled with this mad-hatter engineering complexity that causes a driver or walker to be confronted at once with a dozen signals glaring down in various shades of the rainbow, has made venturing into this section of Daly City a fatiguing and hazardous undertaking.

Merchants and citizens alike would do well to invest a little energy and thought in the direction of eliminating this wait-walk-leap hocus-pocus.

POLICE LAY PLANS FOR WIDOWS AND ORPHANS BALL

Daly City police are busy laying final plans for their share in the 25th anual Widows and Orphans ball to be held tomorrow (Saturday) night at the Bay Meadows club house.

The well-known event is sponsored by the Peninsula Police Officers' association, consisting of 13 county departments, and proceeds go to families of policemen who have been stricken by disaster.

Dancing will be held to the music furnished by the Phil Bovero and Bud Moore orchestras.

Tickets for the ball, priced at $1 per person, may be purchased from any members of the local police force or at the city hall.

Officer Dean Wood is Daly City chairman for the function.

MUNI, CITY PLAN BUS TERMINAL CHANGE

In an effort to relieve congestion on Mission street near the "top of the hill," city officials met Monday with Municipal railway authories to discuss moving the bus terminal on to San Jose avenue, near Flournoy street.

Councilmen said a tentative plan to store buses on San Jose avenue has been made, but would be subject to further study by the railway and city officials.

The plan also calls for the boarding of the No. 26 bus at Flournoy and San Jose.

City Council Grants Permit For Car Lot

The city council last week granted permit for operation of a used car lot at 6889 Mission, contrary to a story printed earlier that the application had been denied.

Applicant was Gene Blackstone. The used car lot is known as Genial Gene's.

YOUTHFUL CAR THIEF TELLS BIZARRE STORY

A daring spree of thefts, almost unparalleled in Daly City's history, was uncovered this week as a 14-year-old youth thought he was "getting in too deep" and spilled the story to his father.

After stealing at least four cars and a various assortment of other mechanical items, in story-book escapades during the past two months, the youngster told his dad and the two appeared before Daly City police Tuesday.

The child, who police say was something of a mechanical genius, is believed to have started his car stealing forays early last month when he made off with a Model A Ford.

He thought he was spotted by police after driving the auto a short time so abandoned it. When police arrived at the car he was standing outside and calmly told officers that the driver had run off down the road.

Then on September 8 he made Russian River his goal. After hitch-hiking there early in the morning, he stole a new model car, drove it only a few miles and then demolished it when he careened off the road into a farm yard. At that time he was questioned by police, then released.

With reckless abandon for the law of averages, he then proceeded back to the same home where he had stolen the new car, and drove off with a 1950 model vehicle.

On the way back to Daly City with the second car he sideswiped a lumber truck, denting the fender. On arriving here he left the auto on Niantic and Hillcrest streets.

His next nocturnal wondering came last Friday. He got up at 2:30 a.m. and hitchhiked to San Carlos, where he "picked up" a new model convertible.

He used this car two days, then decided everything was catching up with him and told his father.

He also told of other minor thefts during the summer. On one occasion he and another juvenile took a phonograph from Woodrow Wilson school after entering through a broken window.

In September he purchased an amplifier stolen from the community center for $5, though he knew were it had come from.

On September 17 he left his home at an early morning hour and took a control box and antennae from a tow truck.

Some two or three weeks ago he added to his collection of vehicle accessories by taking the hub caps off a Cadillac in Westlake.

On two occasions he entered the local Sprouse Reitz store and took wall sockets and switch plugs.

The youngster is the son of a highly respectable Daly City family, police say. He gave no reason for his law-breaking sprees.

However, his efforts were generally limited to obtaining items for cars or radios, as he had a flare for mechanics.

He is reported to have purchased broken down radios for practically nothing and repaired them to a workable state.

Local police placed his case in hands of county juvenile authorities.

An attempt to locate the youngster who sold him the community center amplifier is being made.

Nostalgia, Disbelief At Passenger Train Visit

Devotees of the high iron, 125 strong, climbed into 1910 coaches behind a venerable steam engine Sunday and rode the route of the old Valencia street line through San Bruno, Colma, Daly City and Elkton, marking the first appearance of a passenger train through this area since more than two decades.

The riders were members of the Central Coast Railway club and Northern California Railroad club.

The Valencia line was for 42 years the solitary railroad route into San Francisco.

The line supplying Daly City and Colma was established Oct. 18, 1863, and curtailed in 1905 when the Southern Pacific tunneled through the hills on the east side of the Peninsula. Shuttle service was then operated on the old Elkton-Ocean View-Daly City route until 1929, when abandoned as a passenger line.

The antiquated locomotive and cars chugged through this area, causing mixed emotions from the old timers, ranging from disbelief to nostalgia.

UNITED CRUSADE CAMPAIGN TAKES FORM LOCALLY

The Daly City-Colma area this week joins its sister cities of the Bay Area in an all-out mobilization of citizen volunteers to support the $10,300,000 fund-raising drive for the "Five Great Causes" of youth activities, humanitarianism, family and child care, the fight against killer diseases, and civilian aid for the men in Uncle Sam's fighting forces.

Headed by City Crusade Chairman Mrs. Sanford Vickers, the largest solicitor organization in the city's history is beginning to take form in the drive to secure San Mateo county's goal of $667,670.

"This multiple campaign," said Mrs. Vickers, "now includes the

Jeff Hi District Pays $148,500 Yearly Tax

Possibility of including the entire county in the San Mateo Junior college district, thus cutting the Jefferson high district taxes several thousand dollars a year, was in the "discussion stage" this week, THE RECORD learned yesterday.

At present only three high school districts, Jefferson, San Mateo and Half Moon Bay, comprise the district, with Jefferson paying $148,500 yearly to send 21 students to the school.

This means a cost to the Jefferson district taxpayers of approximately $7100 yearly to finance schooling of each student.

Other cities not in the district, who send students to the school pay only 10.2 cents per $100 valuation, while Jefferson pays 33 cents.

This discrepancy was brought to the light by THE RECORD in an investigation this week.

Chances of enticing outside cities into the district, however, are somewhat remote, according to Clyde Curry, assistant to county superintendent of schools James Tormey. However, two weeks ago a meeting between the Redwood City high school board and the college district was asked to discuss possibility of including Redwood City in the district.

At present the cities not included in the district pay what is known as an "outside city tax." In other words, their tax rate is arrived at on a fee basis, determined by the cost of sending all San Mateo county students (not in the district) to the college. The total cost is then divided by the number of students and the rate of 10.2 cents is arrived at.

Some outside cities may send as many as 200 students to the school, but pay several thousands dollars less than the Jefferson district.

Jefferson and the other two districts became part of the college district by their own option years ago. Each high school district voted whether or not they wished to become part of the district and only three areas approved the plan.

Possibility of a third junior college campus, located in the northern county area, has been broached, but no concrete action has been taken as yet, Curry said.

The distance of the present campus from Daly City has been given as the reason for low attendance there from the Jefferson district.

In a recent survey made by O'Dell and McConnell at Stanford It was recommended that three junior college campuses was the minimum number needed for the county. In event that a third campus is erected, there remains an outside chance for it to be located in this area.

As it stands now, the Jefferson high school district, with an assessed valuation of $45,000,000, pays a 33 cent tax per $100 assessed valuation, making a total of $148,500 each year to send the 21 students to the school.

Civic officials and other friends of Bodien addressed the banquet crowd and told of Bodien's unwavering duty to the city and its citizens during the past 40 years.

SF POSTMASTER IS OPTIMISTIC ABOUT PO CHANCES HERE

Daly City will have a postmark identity of its own if things proceed as they have to date.

Assistant Postmaster Land of San Francisco visited here this week and was optimistic about Daly City's chances for a separate post office identity.

He said, after a tour here, "it looks promising." Land is expected to recommend establishment of the separate post office.

Land also announced this week that three letter boxes will be installed in the Westlake No. 5 subdivision, to meet the demand for facilities there.

After employees of some 250 business concerns in the county have been given an opportunity to give where they work," an army of 15,000 "door-bell ringers" will be mobilized from the ranks of the San Mateo county chapter, American Red Cross, and the United Fund, co-sponors of the drive, and from many other sources. This is the largest group of volunteers ever united in one effort to contact every home in the county.

FURTHERING EDUCATION

Added enrollment at Jefferson high school this year has posed a serious problem for many of the students.

Attending school and obtaining an education, for some students, depends on securing part-time work in after-school hours.

Many of these youngsters must either finance their own education, or help out at home.

However, due to the large number of students finding themselves in that situation, there is a shortage of part-time work.

The school provides a vocational guidance service to aid such students in securing work, but they find themselves in the position of having too many eager workers, not enough job listings.

We believe the merchants and business people could aid their own cause and, at the same time, further the interests of the community, by taking on one or more students for part-time work.

Anyone interested in hiring one of these Jefferson students will receive prompt attention from the school's vocational guidance service, headed by Glenn South, dean of boys, and Ada Wood, dean of girls.

NORTH END HEAVE-HO

The north end of the county is today, as monotonously in the past, getting the old heave-ho as far as having due representation in the county seat.

Last week three more appointments were made to county positions and none of the appointees were from this area.

At a council meeting two weeks ago the local council approved a letter from the north county council asking for more appointive representation for this section. They then drafted their own letter to that effect and dispatched it to the office of the county board of supervisors.

The letter was opened and read by the honorable quintet then after some horse-laughs by the southern end supervisors, ordered filed.

The fate of the letter is just one of many significant examples of political knavery on the part of some board members.

It appears a civil letter pointing out the north end's interest in obtaining representation is not of ample weight to move the august posteriors of the board members.

Perhaps a little more drastic action will be necessary before the voices of the north are heeded down there in Redwood City where they keep the money boxes and train their apprentice politicians for soft county jobs.

Knowledge is Power

(1) Follow the advice of Ann Seranne's book, "Your Home Freezer." Practically every type of food can be preserved by freezing, she writes, except those intended to be eaten raw and crisp, such as lettuce, celery, radishes, and cucumbers. Since your freezer space is limited, you must budget every cubic inch wisely, so that a variety of foods can be stored. Don't bother to freeze onions, turnips, beets, green peppers, or potatoes. You can buy these at your local store almost any time of the year. Don't give up canning and pickling.

(2) An astounding 98 per cent of all adult Americans say they want their children to receive religious education. Only one per cent state definitely that they do not desire religious education for their children, with the other one per cent undecided. These attitudes are revealed in a nation-wide survey of religious beliefs sponsored by the Catholic Digest. Results of the survey are the subject of a series of articles in the monthly magazine.

As for the kind of religious education Americans seek for their children, 75 per cent specify Sunday school; 39 per cent, instruction in the home; 25 per cent, religious or parochial school, and five per cent some other kind of religious training.

(3) Yes, says John E. Gibson in "Your Health" magazine. "Studies show that everyone dreams," he says. "Some of us think we don't simply because we don't remember our dreams. Actually, and this may surprise you, we dream 24 hours a day. Our dream processes never stop. They function unceasingly from the hour we're born to the day we die. Women dream more than men do. (Or, strictly speaking, they are more conscious of their dream life.) Better educated people dream more than others. Young persons dream much more than old people. As people approach old age, the door to their subconscious dream storehouse seems to close tighter and tighter, and very old persons seldom remember having dreamed during their sleep."

County Child Guidance Commission Announces New Quarters Opening

The Child Guidance Commission of San Mateo county announces the opening of new quarters for the Child Guidance and Consultation Center at the former Nurses Home of the Community Hospital at 3700 Edison street, San Mateo.

Dr. S. L. Sheimo, director of the clinic, announced that due to the added space available the clinic and the Commission will be in a position to broaden their operations to include in its future program, plans to confer regularly with grammar school and high school administrators on problems in which the clinic can be of service as well as maintain closer contact between other welfare agencies on a scheduled basis.

My Mad World

By Leonore Brewer

There has been considerable hubble-bubble created by Helen Traubel's severing her connections with the Metropolitan at the request of Rudolph Bing. Vague echoes have reached the stratosphere of the editorial columns and have resulted in a few pontifical words from these guardians of the public thought. Most of these superior beings have taken the part of Miss Traubel, why I shall never know, since Rudolf Bing is right.

A personal sampling of a small segment of public opinion has shown me that I stand practically alone behind the Met's general manager. This can be laid to my invulnerability to newspapers' editorial policy or just plain cussedness. But inso far as it will affect either of the two principals, any opinion is immaterial. Miss Traubel will continue to earn big money easily and Mr. Bing will retain his integrity, inaccurately termed "snobbery" by Miss Traubel in a moment of confusion.

There may have been a time when Mr. Bing might have had to leaven that integrity with a mite of practicality, or abandon the German wing of the opera, but, as has been proven on the stage of our opera house, this year he has no worries. Inge Borke made history in "Elektra," and Miss Grob-Prandl has a voice which is a beautiful instrument handled with a tireless ease. That she failed to electrify me as Isolde, I overlook—there is ample promise of greater glories to come in "Die Walkure." Madame Schumann-Heink once said that any artist worthy of the name should be able to step on the stage at a moment's notice and thrill an audience. It's a good theory but collapses in practice, due to the many imponderables in opera: the conductor, the orchestra, the other principals and the great ravening beast that sits out front and coughs and snuffles and whispers to its neighbor. Once or twice a Season all are in tune and the result is a soul-shattering experience; the rest of the time you are conscious of a vague disappointment that something, somewhere, went wrong, but you are not quite sure where.

As usual, I have drifted from today's main theme which, in case you have lost track of it too, was to discuss Miss Traubel's troubles with Herr Bing. Just why she chose to lower her standards, the most interesting facet of the whole affair, has been lost in the smoke of battle. The ugly word money is bound to arise, but despite the fact that one never seems to have enough of it, I doubt that that is the reason, although it could be easy money. It is one thing to sing St. Louis Blues (ugh!) to an uncritical, easily pleased audience, ready to be impressed by the fact that a real opera singer is standing there, but it is another cup of tea to sing Wagner to 3600 people, most of who have heard it before, and who are comparing you not only to your own past performances, but also to the ghosts of your predecessors.

It is doubtful if anyone will bother to anyalyze her interpretation of what she amusingly calls American "folk music," so she will be able to pick up the morning papers without fear that a critic in a scathing mood may intimate that perhaps the time has come for her to doff Brunnhilde's winged helmet and lay aside her shield and spear forever. All in all, with no competition, no criticism, good money and little if any daily practice, her life should be perfect, if it were not for the fact that the easy applause of those who don't know can never replace an ovation from those who do.

One final saddening thought—do they use amplification for a voice that once rose above chorus and orchestra to fill an entire opera house?

Letters To The Editor

Mrs. Brown Commends County Agencies For Joining In United Crusade Drive

To the editor,

Having been a volunteer worker for many years in the north end of San Mateo county fund drives I know from experience the useless amount of time and energy expended in having so many separate drives, when one drive would do as well—maybe better.

I heartily commend the cooperative spirit of our county agencies in joining in a United Crusade. It is the only solution to a situation that was becoming more complex and more difficult each succeeding year.

All that is needed now is for everyone of us to take time out to figure how much our budget can stand, then give it in one donation. And if we give what we can—with a smile and little prayer—the United Crusade is bound to be a success.

Very sincerely yours,
Margaret Pauline Brown

Library News

By Lorraine Rollandi
Librarian

The following clever "Plug for books" was spotted in a recent issue of the Publisher's Weekly. It is quoted from an ad written by George Stevens, editor-in-chief of Lippincott publisher:

"Ladies and gentlemen, these things are BOOKS. They keep quiet. They do not suddenly dissolve into wavy lines or snowstorm effects. They do not pause to deliver a message from their sponsors. And every single one of them is three dimensional—they have length, breadth and thickness for convenience in handling, and they live indefinitely in the fourth dimension of time."

This description of a book, it seems to me, sums up in modern phraseology the many advantages books have over other media of entertainment and enjoyment. Speaking of books, some of the new ones now available at the Daly City Public Library include the following titles:

Plans are now fully underway for the 35th annual celebration of National Book Week. This year Book Week will be observed November 15-21. Slogan for the week will again be "Reading Is Fun." It has been said that if early in childhood we find that reading is fun, we shall find it so always. One writer puts it this way: "Books are the food of youth. Let us think about this as National Book Week once more draws near. Even before children are ready for school, and long before they themselves can read, books are a necessary part of their lives. Being read to at an early age is a nourishment as vital as the food they eat. And, like the food they eat, it must be offered invitingly and with respect for variations in individual taste." It is the sacred duty and privilege of each and every adult who comes in contact with children to make the spirit of Book Week last throughout the year, instead of only seven days.

There will be special displays of new as well as old books throughout Book Week.

A new library feature which will be officially launched during the month of November is a weekly story hour. Details will be announced at a future date.

How Can I?

Q. How can I thin varnish?

A. By setting it in a pan of warm water. Do not set it on the stove. And do not thin it with turpentine, which destroys the gloss.

Q. How can I prevent colored goods from fading when washing?

A. Wash them in bran water. Brain water is made by covering a small bag of bran in a bowl of boiling water.

Q. How can I polish brass handles on furniture?

A. First, remove the handles from the furniture, then put into a dish with one tablespoon of salt and ¼ cup of vinegar and water enough to cover. Boil 15 minutes, then polish with a good brass polish and they will look like new.

Q. How can I clean stained glass vases?

A. Fill them with tea leaves and warm water. Let stand for several hours, then wash out in hot soap suds.

Q. How can I cut iced cake without breaking the icing?

A. Put your knife into boiling water first for a few seconds.

Q. How can I improvize a good, efficient dish cloth?

A. Try using the mesh bags in which oranges, potatoes, etc., come. Boil these first for 15 minutes in laundry bleach.

Q. How can I impart a high polish to my mahogany furniture?

A. First, rub the surface with lemon oil and then clean it off. After this, soft cheesecloth which has been treated with alcohol and patted only until the vapor remains, is rubbed quickly over the surface, which brings out a clear, lustrous finish.

Q. What is a good emergency treatment for an overheated oven?

A. Insert pans of cold water.

Q. How can I remove grease or oil spots from clothing?

A. To remove these spots from clothing, especially light suits, mix a little fuller's earth into a paste, spread it over the soiled part, and allow the mixture to dry thoroughly. In doing so, it draws and absorbs the grease. Then take a stiff brush, which will quickly remove the dried earth. The stain should come off with it.

Q. How can I successfully mend holes in lace?

A. One very good method is to put a piece of paper under the hole and stitch on the machine through paper and all, until the hole is filled. Then pick out the paper. Use very fine thread.

Q. How can I soften hardened glue?

A. If your glue dries up, add hot vinegar, drop by drop, until it becomes liquid again. The vinegar should be at boiling point.

C.N.P.A. NEWS SERVICE

NEWSPAPER, MISTER? And who could refuse lovely Marla English, Paramount Picture's actress and one of America's top beauty queens, who was just named "Miss National Newspaper Week"? The slogan for National Newspaper Week this year is An Informed Press Means an Informed People. And if Marla has anything to say about it, people (and editors) are going to be especially well informed this year. Miss English makes her picture debut soon in "Casanova's Big Night" which stars Bob Hope.

Safety News From Your Local Police

Each year thousands of pedestrians are killed while walking along our city streets or county highways, police chief Roland Petrocchi said this week. While the major part of the responsibility for the reduction of this tragic toll rests with the drivers of automobiles, trucks, and busses, a considerable part of this responsibility must be assumed by the pedestrian himself, he added.

And yet, there are always these pedestrians who persist in leaving it all up to the motorist. Walking down city sidewalks they will suddenly wheel and dart out between parked cars right into the line of traffic, paying no attention whatsoever to the cars that might be bearing down on them. Prepossessed with thier own thoughts they will step off curbs without looking this way or that, will walk against the lights more often than not.

The wise pedestrian doesn't walk so. When walking near or through traffic he obeys all the traffic laws governing pedestrians. If he has to cross the street he crosses only at intersections or at properly designated crosswalks. When he crosses at intersections, he always crosses with the lights, and never makes the mistake of crossing on the diagonal. Before he steps off any curb he takes a good look up and down the street to see what cars may be coming and to make sure that the drivers see him and what he is about to do.

Walking near traffic is always a headsup game and the pedestrian who treats it as such is the pedestrian who manages to stay alive, Petrocchi concluded.

ACCIDENT REPORT
(Sept. 27 to Oct. 4)

Total: Nine accidents.

Breakdown: four passengers injured, one pedestrian; four instances of property damage.

In The Past

TEN YEARS AGO IN THE RECORD

Thursday, Oct 7, 1943—Private Robert "Bob" Crooker, popular graduate of Jefferson Union high school, is now in North Africa with the Quartermaster corps of the U. S. Army.

Crooker has been in the service since January 14, 1943. Prior to that he was a civilian employee of the Quartermaster corps at the San Francisco Presidio. His parents are Mr. and Mrs. A. M. Crooker, 88 Risel street.

By unanimous vote Monday night, the city council appointed Howard McHugh, 247 Oliver street, to complete the unexpired term of Councilman Hugh H. Smith Jr., now in the U. S. Army. In the event that Smith should be released from the Army before his term expires, he would return to his post.

Ten book trucks for the use of wounded servicemen in Bay Area hospitals were turned out by eight enthusiastic Eagles who donated their time to R. L. Crane and his Junior Red Cross program Wednesday evening, September 29.

Those who met at Crane's home and made the chips fly were Roy Allain, Melford Battye, Elwin James Smith, Ray Lagomarsino, Glenn Wilkes, Albert Brush, Emil Bertelli and Bob Hacker.

FIFTEEN YEARS AGO IN THE RECORD

Friday, Oct. 7, 1938—Nine members were elected to the 1939 board of directors, Daly City Chamber of Commerce, at the regular quarterly meeting Wednesday evening. They were: A. Gaggero, A. Conci, J. Sireix, E. Keithley, Fred Knoll, B. L. Merritt, Paul G. Selmi, R. L. Crane Jr., and A. Bulf.

Residents of Daly City who have not visited Vista Grande park within the last few months should do so immediately and then from time to time revisit the park to watch rapid construction progress in what is to be one of the best recreational centers on the peninsula.

Members of Station No. 1, DCFD, entertained Saturday evening at their fire house on Santa Barbara avenue. Dancing was enjoyed and refreshments were served to a large gathering of members, their families and friends.

TWENTY-FIVE YEARS AGO IN THE RECORD

Friday, Oct. 12, 1928 — No theatre on the entire San Francisco peninsula will be more beautiful than the magnificent new Daly City Theatre, now close to completion at Mission and Flournoy streets, according to Messrs. Baron and Nathan, its lessors.

Warfare which broke out between rival Gypsy camps near Colma has caused considerable "spilling of ink," during the past few days, but there has been no bloodshed. As a result of the war between the Gypsy tribes, and their conflict with officers, however, it is probable that they will be compelled to seek new quarters, the Gypsies evidently having worn out their welcome in San Mateo county.

San Mateo county's share of the expenses for the preliminary survey of the Junipero Serra boulevard, and for the continuation of the engineering survey of the tri-county scenic highway from San Francisco to Santa Cruz were approved Monday by the county board of supervisors at their regular meeting in Redwood City.

If you have faith as a grain of mustard seed, ye shall say unto this mountain; Remove hence to yonder place; and it shall remove; and nothing shall be impossible unto you. (Matthew 17:20.) Read Psalm 100 or Matthew 18: 1-6.

A friend of mine is a lad of 17. He comes of unfortunate parentage, but God Himself has become his Father and is helping him, for the lad has accepted Christ as his Saviour. He is now a boarding student in a Christian school where he is preparing himself for the Christian ministry, most probably for work among non-Christians.

In the next few years he has already lived, he has known extreme poverty, but his faith in the love of his Father has never failed. At one period in his life, despite rain and snow, he never missed a prayer meeting. He would run from his home beyond a river and wade in the water in order to be on time, while many with leisure would not forsake their firesides. He has kept up his faith with a smile. He loves and serves his Lord with gladness.

PRAYER

Our heavenly Father, we thank Thee for Thy miracle-working power in the lives of Thy children. We ask today for that childlike faith that is able to remove mountains. God, increase our faith. Make of us true witnesses of Thine. In Thy dear name we ask it. Amen.

THOUGHT FOR THE DAY

Colma PTA "Get Acquainted Tea" Proves Successful

The Colma PTA's "get acquainted tea" for teachers and room mothers in the home arts room, at the R. S. Thornton school, September 29, proved highly successful.

In addition to tea and coffee, dainty sandwiches and cookies were made and served by the executive board. This informal gathering should make for a better relationship between the Colma PTA and the teachers, according to Mrs. Sanford Vickers, president.

Mrs. Vickers attended a citizenship conference at the University of California October 2. She stated that the main theme of the conference was "the necessity of keeping open communications between the schools and citizens."

Mrs. H. Sillick and Mrs. Vickers attended the 17th District executive board meeting at Burlingame high school Oct. 5.

Village Notes

By Mrs. Edith Warmoth (PL 5-8026)

Now that our weather is back to normal again and that warm weekend we experienced is past let's hear from our friends again.

SWEETWOOD

The John McKinley's and children Susan, Johnny, Maryann and Billy spent a most pleasant weekend visiting with relatives in Sacramento.

WILDWOOD

A canasta party was held at the home of Mrs. Pearl Harris last Friday evening, October 2. These well-experienced players attended and I must say I give credit to these ladies for keeping such a club going so well so long: Irene Park, Shelia Mahoney, Amparo Arejula, Helen Mahoney, Freda Sherman, Mary Contraras and Betty Hart.

Congratulations were extended to Mr. and Mrs. Don Menary on the birth of an 8 lb. baby girl last Monday. The young miss arrived at the St. Josephs hospital, San Francisco, and as yet we have not been informed of her name. Her brother, Brad, who is three years old, is one happy little lad and will be pleased to welcome his sister to her home.

VILLAGE LANE

Miss Sharon Hazen celebrated her 13th birthday Wednesday with a dinner party. Several of her friends attended and enjoyed the party festivities with Sharon.

GARDEN LANE

Mr. and Mrs. Fred Hildebrand are proud grandparents once again. My reporter for Garden Lane was informed of the news when the new baby's little sister came to her door and announced, "We have a new baby at our house, my Mommy went to the hospital and had a baby brother." Details on name, etc., later.

STONEYFORD

David Blank is home once again with his parents, Dorothy and Hal Blank, after spending six weeks with his grandparents, Mr. and Mrs. George W. Blank of Los Angeles. Seems David had a grand time visiting, but reports to family here, "it's oh-so-good to be home again."

87TH

Mark and Dorothy Swoverland had themselves a brief but nice vacation whick took them to Santa Cruz, Monterey and Big Sur. This little excursion was especially enjoyed by Dorothy and Mark as their two small fry remained under the watchful care of their grandmother. After all it's nice for parents to get away from it all occasionally.

LOUVAINE DRIVE

Mrs. Lila Wren from Blackfoot, Idaho, visited her daughter and son-in-law, Cleo and Sam Chesky, last week.

Sherry Anderson was seven years old September 26 and a party was given to honor the occasion at which several of her little friends attended to help celebrate.

Mr. and Mrs. A. J. Ekdall had as houseguests last week Mr. Ekdall's grandparents, who came all the way from Cheyene, Wyo., to visit here in the Bay Area.

LEGION NEWS

The Broadmoor Legion Auxiliary held a pot luck dinner last Saturday at the Community Center. The attendance was very good and the auxiliary wishes to invite all interested to attend the future dinners which are held the first Saturday of every month.

The Broadmoor Legion will hold a Halloween Dance October 24 at the Colombo Hall in Colma. This will be a costume dance and prizes will be awarded for the best costume and also door prizes will be given.

CHURCH

The Womens association of the Broadmoor Community Presbyterian church held it's regular monthly meeting last Monday. After the usual business was discussed the program was presented which introduced Miss Ellanore Ewing, Western Area Secretary of the Board of National Missions, as guest speaker. Miss Ewing talked about churches in various parts of the world and as she talked she showed corresponding slides on the screen. It was interesting to see how in some places like Alaska people worship in churches which they construct mostly themselves. Puerto Rico and other places were also mentioned. After the program was concluded refreshments were served by the Ruth Circle.

The annual bazaar presented by the Womens association of the Broadmoor Community Church under the theme of "Village Fair" will be held this coming November 5 and 6. Booths, movies for the children, and featuring a "Swiss Steak Dinner" will be some of the things which will make this a "must" on your calendar. Tickets for the dinner are available by contacting Mrs. H. Blank, Plaza 5-2398.

That closes it for this week so don't forget to look this way next time.

Jeff High PTA To Hold First Meet Of Year October 8

Jefferson Union high school PTA will hold its first meeting of the year, October 8, in the school auditorium. All parents and friends are urged to attend this meeting and become acquainted with the teachers of the school.

Stanford Hannah, supt., will give the welcoming address. Ada Wood, dean of girls, and Glen South, dean of boys, will speak on "Student Relations."

There will be a panel discussion on social studies under the direction of Mr. L. Reese.

Members of the faculty will be introduced by Stanford Hannah, superintendent. Refreshments will be served by the hospitality committee at the close of the meeting.

The executive board met at the home of Mrs. G. Windhurst for a luncheon October 1. Mrs. G. Blackburn and Mrs. P. Pool were the assistant hostesses.

Eastus And Bloom Exchange Vows

Maureen Eastus of Oakland, and Robert Edward Bloom exchanged vows at the Montclair Methodist church in Oakland last Sunday. The Reverend Dr. Schmitt officiated.

Following the wedding a reception was held at the home of the bride's parents, Mr. and Mrs. Charles F. Eastus.

As she was escorted to the altar by her father, the bride wore a long buttoned sleeved gown of embossed organza over taffeta with an overtrain of the embossed organza. The gown had a peter pan collar and full skirt. She wore a finger tip veil of nylon tule.

Pastel shaded, strapless dresses with stoles of contrasting white were donned by the bridal attendants. Miss Janice Aabling was the maid of honor. Bridesmaid was Betty Ann Campbell. Charleen Eastus, sister of the bride, was the Junior bridesmaid. Miss Micheal Eastus was the flower girl.

Kenneth Moresi of San Francisco served as the best man. Seating the guests were George White and Ronald Bloom, brother of the bridegroom.

Bloom, whose parents Mr. and Mrs. Custer Charles Bloom reside in Daly City, was graduated from Jefferson Union high school and City College of San Francisco. He now is attending San Francisco State college.

After the honeymoon, the young couple will reside in San Francisco.

"Box Special" Is Planned Oct. 15th By Hillside PTA

A "box social" is being planned by the Hillside PTA for the evening of Thursday, October 15. This event will take place at the Community Center, at Alp and Mission streets at 7 o'clock in the evening. Everyone should be there to have their lunch box auctioned off by Wm. Tergis, assistant principal of the Colma school.

Mrs. John Hiller is the chairman of this event. She asks all the parents, neighbors and friends to help the Hillside unit at this time to make a little money. The ladies who come are asked to make a box lunch for the evening meal, enough for two people. Pretty your box in anyway you like. Be sure to bring your husband along to bid for the boxes.

There will be a program given during the evening. Joe Verducci will be on the program with sports discussions. For further information call PL. 5-3160 or PL. 5-2616.

This occasion will furnish a wonderful opportunity to meet the teachers and the other parents of the pupils of Colma's school.

BETHEL 198 PLANS NIGHT WHIST EVENT

Bethel 198, International Order of Jobs Daughters, will hold a whist party tonight (Friday) begininng at 8 p.m. at 17 Hillcrest drive.

The Bethel has invited all interested persons to attend.

Serra High Mothers Schedule November Fashion Tea Event

The Mother's Auxiliary to Serra high school in San Mateo has scheduled a major event for November 20, a fashion tea, to be fashioned by Mademoiselle.

Mrs. Gay Olson presided at the auxiliary's first meeting of the season last week when this venture was launched. It was enthusiastically received by the membership since it is the first social of its kind to be given by the group.

With a unanimous vote from the executive board, Mrs. Olson appointed Mrs. Norman Sullivan as treasurer to replace Mrs. Joseph Francoeur who has resigned.

Other appointtees include: Mrs. Francis Barrett, membership chairman; Mrs. Irving Redmond, assisted by Mrs. Azimon Plehiers, hospitality; Mrs. Roy Stalker, social service; Mrs. Edward Holl, sunshine; Mrs. Frank Naples, shrine; Mrs. James Prickitt, N.C.C.W.; Mrs. Harper Burns, cafeteria; Mrs. William Rucker, youth and civics; Mrs. George Littlejohn, room mother chairman; Mrs. Theodore Lynch, assisted by Mrs. Joseph Sweyd, advisory room mothers; room mothers: Mrs. George Littlejohn—seniors; Mrs. Frank Jacobs—juniors; Mrs. Arthur Baylo — sophomores; Mrs. John Lynch—freshmen.

EARTH AND WOOD

In New Mexico earth has always been woman's material, according to the National Automobile Club. From it she shapes her pottery and builds her adobe house. Wood, on the other hand, is man's material. From it he shapes his tools and weapons, his religious sculpture, and the pine timbers for his roof.

MERCED DISTRICT PACKS, TROOPS HAVE OPENINGS

Although some Packs and Troops in Lake Merced District are already filled to capacity with boys, several of them have room for additional recruits, according to District Chairman Dr. F. Grant Marsh, who today released a list of Boy Scouts of America units in this area so that parents could ascertain which Pack or Troop their boy might join.

In all, there are 33 active units throughout the area south of Sloat boulevard known as Lake Merced District, including Daly City and Colma. Fifteen of these units are Cub Scout Packs for boys 8 through 10; 16 of the units are Boy Scout Troops for boys from 11 and older; and two are Explorer Posts, with a minimum age of 14 years.

In addition to these 33 units, two new Cub Packs are currently being organized, one for the Westlake school, and the second for boys belonging to the St. Thomas More Parish.

Several other Cub Packs and Scout Troops should be organized immediately, in order to provide mmebership opportunity for boys in other neighborhoods, Dr. Marsh reports. Organizations are needed who are willing to "sponsor" these units, he said. Sponsorship includes the providing of leadership and meeting place facilities for the boys concerned. Interested organization heads are asked to contact Dr. Marsh at City College, or District Executive Maurice Powers, who may be reached through the San Francisco Council office at GArfield 1-5792. Sponsorship of a Cub Pack requires only once-a-month meeting place, since Cub Scouts meets in small groups each week at the homes of the boys. Boy Scout Troops generally meet once a week in the evening, thus requiring more frequent use of a meeting place.

"SANITARY" METALS

Because their corrosion resistance is required to protect the purity of foods and drugs with which they come in contact, nickel, Monel, Inconel and chromium-nickel stainless steels are used for equipment in plants engaged in processing food and making chemicals and pharmaceuticals.

The world's longest irrigation tunnel is in Colorado—13 miles.

Gen. Pershing PTA Members Enjoy Lively Discussion

After a chicken turnover supper, which was open to the public, members of the General Pershing PTA enjoyed a lively and spirited discussion meeting Tuesday evening.

The discussion panel, led by H. Z. Weibel, Jefferson elementary district, superintendent, received assistance from Mrs. Louine Bostwick, curriculum coordinator; Mrs. Antoinette Conrad, school nurse; Winifred McGrath, principal of General Pershing school; and Mrs. Elsie Prisco, past president of General Pershing PTA. Questions ranged from what is being done to alleviate crowded school conditions in the Jefferson district to the use of makeup by the older girls.

Announcement was made that the General Pershing PTA has resumed hot dog sales at the school, with plans for sales every two weeks thereafter on Wednesdays.

The next meeting of the PTA has been postponed to Wednesday, November 4, because Election Day falls on the regular meeting day. An interesting talk is promised with Mr. Anthony Lovois, assistant chief probation officer of San Mateo county, speaking on juvenile delinquency.

Your Neighbors And Mine

By Betty Brush

By the time this is read the World Series and the heat wave will be over. The Series will be missed but not the heat. Our town may be late in getting it's summer, but when we get it—WE GET IT. As is usual there are more new names to be read this week, which is what I like, so let's go with the news.

MRS. HELEN GRANTHAM, long time resident of our town, but now of Acampo, has been seriously ill. All her many friends and neighbors hope to hear that she is better soon.

MRS. STEELE, the "cafeteria lady of OLPH before retirement, just can't seem to stay retired. Seems she misses the children, so she is now doing the honors in the baby sitting department for her daughter, MRS. WILSON, while she is teaching school. Seems to be a good recipe for youth as Mrs. Steele looks younger than ever.

Seems we have had a rash of stolen cars lately. The latest on the list, and one of the lucky ones, is MR. WILKINS of Los Banos avenue. He had left his car out in front of his house, locked and with the windows closed and keys in his pocket. Nevertheless, the car was broken into but they couldn't get it any further than Rang's Garage. Just the place to leave it as it wouldn't start.

People seem to be leaving us every day. The Hodges, formerly of Hillside boulevard, whose daughter Carol will be remembered by all the Jeff gang, are now packing up their belongings and taking off to Kentucky. They will be missed as they always kept in touch with their friends in the old home town.

News and Views

Last week the Community Center was host to one of the most active and self-sacrificing groups of women one would be privileged to know. It was the meeting of the training committee and leaders of the North San Mateo Girl Scouts Council. This is another case where the neighbors more or less "let George do it." Many of us have girls in Scouts or Brownies and in order to have a troop one must have leaders. In order to be a leader, naturally one must have training and be willing and able to work with the youngsters. There is so much good and satisfaction that comes from service such as this that it doesn't seem possible that they are short of leaders. The fact remains — there are more scouts and brownies than there are leaders to take charge of them. How about it neighbors, there must be some of us who have the time and the heart to give to your children and mine. Anyone interested call MRS. CLARA POKET—PL. 5-6643—and she'll be happy to hear from you.

The sympathies of all the neighbors are extended this week to MRS. GRACE HILL on the death of her mother in Porterville. She was ill a very short time and passed away before Mrs. Hill could arrive.

The first week of October seems to be the cause for celebration in many a household. Celebrating birthdays on the same day, the 3rd, were MRS. LYNNE BOSKEY and MRS. ELEANORE CAMERON. The 7th is the one that really tops them all. A party should have been held, as MRS. HAZEL EMERSON, ART ALVISO, MRS. AUDREY LARCHER and MRS. JESSE MARTIN all chose this day for their birthday. A happy birthday is wished one and all from the neighbors.

MRS. ROBERT ARCO has added another daughter to her family. This makes two girls for Mrs. Arco now and she is wished all happiness with her new daughter.

Seems bad luck can't always be in your corner. After a sad losing streak the gals sponsored by the Central Club have finally broken the ice. The bowling team composed of MRS. CLARA GICOMIA, BEA STRYER, AUDREY LARCHER and LYNNE BOSKEY really hit their stride for three victories this week. Good luck, gals and do it again.

Another neighbor was welcomed home from the hospital this week. MRS. BETTY KOHLBRUNNER, who has been in St. Lukes Hospital for awhile, is now able to be up and around again. All the neighbors hope to see her back among them again soon.

Servicemen

News arrived from Japan at the home of MR. and MRS. GEORGE YATES this past week. Their son, RICHARD, has been promoted to Corporal. CPL. YATES has been in the Army for thirteen months, six months of that time having been spent overseas. He is with the 720th Military Police Battalion in Tokyo, Japan.

CPL. ROBERT E. STONE hopes that the next time the Army changes his address it will be Daly City. Bob has moved again. This time it is to Camp Irwin near the Mojave Desert with the Army's latest Radar 75 mm. guns. He is in the Hq. Btn. and will spend the next six weeks test firing these latest additions to our defense. He says it is awfully hot there and hopes to see us all and a little fog, too, at Christmas time.

Another of the fellows has been packing his bag in preparation to joining the U. S. Air Forces. Ed Harper will be leaving us soon for Lackland Air Base, Texas. There are a lot of the boys in Texas, but from what I hear it is rather a large state, so they may not see too much of each other. One never knows, though.

A/2c ROBERT MARTIN is at an Air Base ten miles from Frankfurt, Germany. He says the base is fine and the town of Frankfort very interesting. Fact is there are few signs of World War II left there at all. He would still like to hear from any of the neighbors as he has lots of time to read and write letters.

SEAMAN BILL BEECHER arrived home on leave this weekend just in time to celebrate his eighteenth birthday. This, of course, pleased all his pals a lot. Bill has been in the Navy almost a year now. How time does fly when it's someone elses boy you read about, huh neighbors. HAPPY BIRTHDAY, BILL.

The usual bunch of gals from Hillcrest Circle No. 143 U.A.O.D. who have been so faithful for so long are among those who recognize the fact that the war is not over for the boys in the hospitals. MESDAMES CLARA POKET, MADELINE FELLOWS, ANGIE SERENI, GRACE HILL, LYNNE BOSKEY and others are still going on their usual monthly visit to bring their own particular brand of cheer to the fellows. Anyone interested in this project and wanting either to go with them or donate toward it only has to get in touch with anyone of these above mentioned gals. They have a great plan for Christmas that will take lots of time and help coming up and you'll be hearing more about that as time goes on.

News and Views

A long distance call from Sacramento came to the home of MR. and MRS. HORACE FELLOWS of Los Banos avenue last week. This was a happy occasion because it was their eldest son, KENNETH, calling to let them know that he had passed the State Civil Service exams for a full fledged hydraulic engineer. Ken has been a Jr. engineer for the State for some time now but has passed this next step in his career on the first try which is in itself unusual as the test is a stiff one. Ken is a Jeff graduate, class of '42 and after spending 3½ years in the Army graduated from the University of California and resides now in Sacramento. Congratulations to Ken and his family on this wonderful achievement.

As the saying goes, "people are funny." We see our neighbors each day and expect to see them again tomorrow. Then one day we hear they have been very ill in a hospital and one and all inquire and hope to see them again soon. Well, this week all the neighbors were very happy to see Jimmy Walton, who called it almost too close, come home after twenty-one days in the hospital. Of course he has to take it easy for a while, but it sure is good to know that he's home and O.K. now. Welcome home, Jim, from all your neighbors.

Neighbors, the Fire Department spent many hours last week going from house to house to distribute pamphlets on Fire Prevention. They hope one and all of the neighbors not only took them into the house but took the time to read them. One of the major causes of fires is CARELESSNESS. There are many of the neighbors who are conscientious but the majority of us feel it "couldn't happen to us." We have a very efficient Fire Department but it really isn't up to them to protect us. PREVENTION is the best protection that can be had. Read the circulars, friends, and then check the items. It's surprising how many of us are guilty in one way or another of carelessness in Fire Prevention.

MISS BEVERLY CRAIG had a scare for herself last week. Seems she and her friend, SHARON CASAD, thought it would be fun to go horseback riding around Lake Merced. Sharon got along all right but Bev forgot to consult the horse. He didn't think much of the idea and decided that now was the time to go home and off he took like a jet. Finally after much tugging the horse was convinced and the girls finished their ride none the worse for the experience.

This I would like to see. Hillcrest Circle Druids are going to have a mad hatter party at their next meeting. For the benefit of the uninitiated, a mad hatter party is where all the ladies create a hat out of any and all kitchen utensils that they can find. There will be prizes and may the best hat win.

Well, neighbors, another week's news has finally been gotten out for you. Heard from several new neighbors this week and hope to heard from more. Remember this is your column and it takes you to make the news. Thanks for calling and I'll be hearing from you. The phone is still PL. 5-6482 and don't forget to let me know where the boys are. 'Bye now.

Lake Merced Scouts To Participate In 1953 Youth Crusade

Cub and Boy Scouts of the Lake Merced district will join other youth groups next week, October 13th, in the 1953 Youth Crusade, it was announced today by Dr. F. Grant Marsh, chairman of the San Francisco Boy Scouts Council's Lake Merced district.

They'll deliver to every home in the city, some 250,000 doorknob hangers carrying a personal message calling attention to the importance of the United Crusade and the need for every family to contribute during the October campaign.

These young people, who belong to agencies, which are supported in large part by funds collected by the United Crusade, will also carry their message to their classmates in the schools.

Many of them will act as speakers at rallies and club meetings, distribute posters in neighborhood shopping areas, appear on radio and TV programs, and in other ways help to publicize the campaign.

All will wear their respective uniforms and Youth Crusader identification badges.

Scout Units in the Lake Merced district who are participating in the Youth Crusade are: Troop 26, Benjamin Bonapart, Scoutmaster, 11 Homewood Terrace; Troop 27, William F. Busch, S.M., 120 Shields; Troop 40, Calvin W. McCann, S.M., 231 Harkness St.; Troop 50, Edgar W. Newlon, S.M., 253 Victoria St.; Troop 82, A. M. Sheridan PTA To Sponsor Rag Drive

To raise funds for school activities, the Sheridan Parent Teacher Association will sponsor its annual rag drive during the week of October 19-23.

On Monday, October 19, children will bring home a PTA shopping bag to be filled with wearable clothing or rags. Clothing will be distributed among needy children by the PTA and rags will be sold for commercial use. Not acceptable are shoes, hats, burlap, or rags smaller than twelve inches square.

Mrs. Everett Hale, the ways and means chairman, is in charge of the drive. Proceeds will help finance such school projects as first aid supplies, safety patrol equipment and various holiday activities.

Bayshore PTA Plans Membership Drive

Executive meeting of the Bayshore PTA was held October 2 at the Bayshore school auditorium.

Plans were discussed for the coming membership drive that will take place October 11 to 17. Prizes will be awarded to the three classes bringing in the most members.

Mrs. R. E. Lindquist, carnival chairman, is seeking volunteers to help with the carnival. Anyone interested may contact her.

The next regular meeting of the Bayshore PTA will be held October 14 at 2 p.m. in the Bayshore school auditorium. Guest speaker will be Rev. Father L. J. Grause, of Visitacian Parish, who will speak on the theme of the month, "Youth Protection."

Father Krause's experience in working with youth, both in Santa Clara county and with the New York Founding home promises the basis for a most interesting talk.

All parents are cordially invited to attend. There will not be a baby-sitter for this meeting, but mothers are invited to bring their small children with them.

MISSES ARE MEANINGFUL

There is this to be remembered about a missing cylinder that is allowed to go uncorrected: ail missing is somewhat harmful to the car in that irregular running on the part of the engine imposes an extra strain on all operating parts of the vehicle. In effect, points out the National Automobile Club, it is operating out of balance and that is likely to prove harmful to any mechanism.

Natives of India favor a beverage called "arrack" made from palm sap.

AVIATION AID

Nickel alloys, because of their strength and resistance to heat and oxidation, have contributed greatly to the efficiency, safety, durability and light weight of both the standard airplane engine and the jet engine.

Nickel is alloyed with copper, brass and bronze to give greater resistance to corrosion and wear, or to give a white color.

The life of tractors and other farm implements has been lengthened by the use of nickel alloy steel in parts that must withstand abuse.

Jeffs Rout Mt. View

OVERCOME 13-0 HALF-TIME LEAD TO WHIP EAGLES 33-13 IN PRACTICE TILT

By George Spoulos

The Jefferson high varsity of Daly City sought revenge and got it as they defeated their non-league foes, Mt. View Eagles, 33-13 last October 2 night on the Mt. View, Calif., gridiron.

The Mt. View boys, last year, came from behind to win a 20-13 victory but Jefferson turned the tables this year after thirteen points were scored on them, to do the same thing as the Eagles.

Fans Ready To Leave

So bad did the Indians look in the first and second quarters, that fans of the Blue and Gold were ready to leave on a minute's notice if another touchdown was going to be scored by the Mt. View eleven.

The Indians will vie in their first Peninsula Athletic league contest of the '53 campaign this afternoon (Friday) on the local gridiron as they face Capuchino at 3:15 p.m.

The strong Jeff outfit, which rolled over Mt. View last week, is expected to have too much class for the Mustang outfit.

Coach Joe McGrath will rely heavily on the passing arm of Ray Rosa and the ground-gaining ability of backs Jim Minor, Wally Honeywell, Del Hamman, Al Lagomarsino and Ed Gallagher.

During half time, Coach McGrath's strategy must have given the boys energy, because the Daly City lads came back tooth and nail, ready to conquer anything from the English Channel to the mountains from Mt. View (which they did). The happy fans soon forgot which team had the thirteen points and were amazed at Ray Rosa's passing and the backfield's drive through gigantic holes in the line, which established the win for the Jeffs.

First Quarter

After Mt. View kicked for the second time, because of a penalty, the Jeffs received the ball and ran it back to their own twenty-five before Wally Honeywell was tackled. Off to a good start the Daly City eleven brought the ball way deep in Mt. View territory, on the 36 yd. line with drives by W. Honeywell, Del Hamman and Al Lagomarsino, plus passes by Rosa. After being stopped, the Eagles took over and started their first and only drive to the goal posts.

With runs through the middle of the line, the Blue and White uniformed lads drove the ball over into the end zone for the first score of the night, finishing a 55 yard drive, aftre picking up a punt kicked by W. Honeywell, on their own 45. The conversion was good and the Eagles went out ahead 7-0.

Honeywell's Punt Blocked

The Indians received the initial kick and again W. Honeywell took the pigskin but fumbled and recovered his own miscap on the Daly City's 29 yard line. Series of plays that got nowhere, forced the eleven to punt but, highlighted by a charging Mt. View line, the kick was blocked where on the Eagles took opportunity and picked up the ball and ran it for a 15 yd. T.D. The convert was wide to the left, and the score remained 13-0. The quarter ended shortly thereafter, and the Indians were tasting their first lacking of points of the year.

Second Quarter

Jefferson started their first drive of the night and soon the Indians were knocking on Mt. View's goal line door, as they got down hill with passes caught by Jim Minor, buck plays by the fast backfield. Rosa, fooling the Eagles, sneaked across on a quarterback sneak, with nice blocking from guards John Gersten, Jack Thur, and center John Madden. Gustin kicked for the extra point, but to no avail, as the ball was way wide of the goal posts.

Mt. View couldn't do anything at all when their time on offense occured and Jefferson took over after taking a punt return to their own twenty. With the closing minutes not far away, Rosa took to the aid and hit right Don Delbon for considerable gains. The best play of the game came when Rosa threw a fifty yard pass to Delbon where it landed the Jeffs down deep in Mt. View territory and again threatening for a score. Luck was with Mt. View as the quarter came to an end. First half: Jefferson 6—Mt. View 13.

Third Quarter

Jefferson kicked to Mt. View beginning the second half and the Indians stopped the Eagles after three plays when Honeywell intercepted a pass. The Indians took over and after end sweeps plus holes through the line, the Indians got their second T.D. with Ed Gallagher going over on a right tackle play which Thur and Earnshaw threw the key-blocks. Gustin's kick was good to tie up the ball game 13 all.

The Jeffs kicked off and on the first play, Gallagher intercepted an Eagle aerial and raced to the five yard line. Del Hamon took it over on the first play for 20-13 from a hole left open by George Spoulos and Jim Minor. The quarter ended and Jefferson was out by seven points.

A 50 yard drive in the fourth period was climaxed when Omar Grimes bucked over for the fourth Jeff T.D. from a yard out after nice running by the backs. The defense held and Mt. View couldn't get any place and decided to kick where on the Indians took over on their own 33 and where they started their last touchdown drive of the night. With second-string consisting of the bulk, the Jeffs drove 50 yards to Mt. View goal-line where Rosa on a boot-leg scored his second touchdown of the night.

The gun sounded shortly after and Jefferson won their first game 33-13.

Coach McGrath was lifted to several players' shoulders to show how pleased the Indians were after their victory.

Next week the Indians take on Capuchino who beat the Jeff's rivals, South City, 26-0. This game should prove to be interesting.

Sarto A.C. Tops St. Elizabeth Club

Sarto A.C., behind the four-hit pitching of Ronnie Coburn, topped the St. Elizabeth nine, 8 to 2 Sunday.

Coburn struck out ten men and walked an equal number, but proved able to get out of dangerous spots.

Right Fielder Castro got two for three to lead the athletic club at the plate.

This Sunday Sarto meets Fred's cocktail at 2 p.m. at Burlingame high school diamond, with Leo Giannechine scheduled to work on the mound.

VERSATILE NICKEL

Nickel, when alloyed with other metals, not only has the ability to improve these metals, but in many instances forms alloys with entirely new properties. When added to steel, for instance, it produces an alloy that is stronger, tougher and more resistant to wear.

NEW LOW BATTERY

A loose or defective starter switch connection may fool you into believing that the battery is extremely low or entirely dead, points out the National Automobile Club. It has happened to a great many motorists. Before calling for help when the battery seems inexplainably to have gone entirely out of commissions, make a check of the tightness and cleanliness of the connection at the starting motor. It is highly accessible and even the novice can determine conditions for himself.

Red and brown obsidian owe their color to oxidized iron.

TRAFFIC SHOW-OFFS

The traffic show-off, according to the National Automobile Club, seems to have a tendency to become ever more daring and less intilligent as time goes by, until at last his anti-social practices bring him to a violent end. The show-offs we have with us always, and to safety minded people this is indeed a cause for regret.

DUNCAN WILL LEAD SF GATORS TONIGHT

Quarterback Maury Duncan, San Francisco's candidate for Little All-American, will lead his State Gators against Moffett Field tonight (Friday) at Cox Stadium on the Lake Merced campus. The game starts at 8 p.m.

Duncan threw eight perfect passes while playing less than half the game in hte 52-0 victory over Cal Tech. Two of the close ones were dropped but Duncan still completed six for a total of 176 yards and three touchdowns. Duncan was third in the nation among small colleges for total yards gained last year and appears considerably better this season.

'Bo' Molenda, a man with big time coaching experience in the midwest and presently tutoring Menlo College, said after the game: "Duncan is the equal of any quarterback I have seen on the Pacfic Coast. He is top pro material and should be grabbed immediately after graduation."

The Berkeley boy is not an outstanding runner, but he is near perfection in all other departments. Despite the fact that he is always throwing a wet ball, because of night games, his passes are on the button from five to fifty yards. He is an adept ball handler, cool under fire, and particularly good at spotting receivers.

The Gators exhibited a strong line against Cal Tech, an agile end in George Wehner, who caught three touchdown passes on plays of 29, 30 and 52 yards and a collection of fast backs. Harry Bremond, who raced for three TD's on plays covering 50, 78 and 2 yards, Dick Nave, Rudy Smith, Dick Storm, Walt Gomez, Jim McElroy and Littleton Cook all chunked for large gains against the Engineers.

Line coach Bob Troppman picked Bob Foote, a 200 pound tackle, as the outstanding lineman in the Cal Tech contest. Foote is particularly effective on offense and it was his blocking which helped the Gators smash the surprising total of 392 yards on the ground.

State's downfield blocking was outstanding against Cal Tech.

Moffett Field will present a much sterner test. The Soldiers have a line that averages 203 pounds, two fast, 200 pound fullbacks, and three or four halfbacks who range from 175 to 185 pounds.

Willie Ketchum, a 200 pound fullback from Morehead State, is Moffett's most dangerous runner. He is a driver but has speed to go all the way.

Like all service teams, Moffett Field has ben slow to organize. The Soldiers have dropped four games, including two to the semi-professional Santa Cruz Seahawks.

Moffett has shown improved organization in each game under Coach Joe Moore, former pilot at S.F. State, and State Coach Joe Verducci expects them to realize their tremendous potential against State.

R. A. Webster, a 195 pound guard who played two years at Oregon U., is Moffett's top lineman.

The probable starting line-ups:

S. F. State

Fardella, LE; Logue, LT; Slates, LG; Harper, C; Jones, RG; Foote, RT; Wehner, RE; Duncan, Q; Smith, LH; Nave, RH; Storm, F.

Moffett Field

Artila, LE; Sumner, LT; Webster, LG; Campbel, C; Jensen, RG; Peltier, RT; Smith, RE; Cooper, Q; Kutzera, LH; Erstad, RH; Kethum, F.

Lions, V & F Take Over At Brentwood

The front-runners got bumped off Tuesday night in the Daly City-Colma Bowling league at Brentwood.

Homes by Sterling and Daly City Eagles, who had shared first place with identical 7-2 records, got shoved into a tie for fourth as they suffered a trio of losses a piece to the Daly City-Colma Lions and Vince & Fred's, respectively.

Thus, the Lions and Vince & Fred's moved into a tie for first with records of 9-3.

Lombardi Auto Service took a pair of games to wind up in third place with a 8-4 mark.

Ralph's Cleaners was the only other team beside the leaders to cop three straight, moving up the ladder to fourth at the expense of Auto Radio.
